- b. The Defense Supply Agency wants to come over and talk to ODP about setting up a communications center. There are no details as to what this is about.
- c. There is an IBM user study group that wants to use some CIA tapes as examples or tests. The head of the IBM study group actually works for NASA.

MEMORANDUM FOR: Deputy Director for Administration

FROM : F. W. M. Janney
Director of Personnel

SUBJECT : Request for Approval to Continue Ad Hoc Contacts
with Other Government Components

REFERENCE : (a) Memo for DDA Office Directors from Ex Off, DDA, dtd

Assistance to other Government Components

STATINTL

(b) HR ☐ Annex E

1. Reference (b) requires approval for the initiation or continuation of assistance by this Agency to other government components. For many years the Position Management and Compensation Division of the Office of Personnel has routinely maintained, and continues to maintain, contact with the Civil Service Commission and various other government departments and agencies for the purpose of exchanging information on position classification matters. The bulk of these contacts are made with position classifiers in other government components and are initiated by OP/PMCD although, on occasion, position classifiers from these other government components initiate the contact. Such contacts are made for the purposes of exchanging information on position classification, i.e. titling and grading, relative to given occupations or types of jobs. All contacts are made on ad hoc basis as necessary and usually take the form of phone calls, although visits between respective offices are made when a more thorough discussion of position classification information is desired.

2. Accordingly, it is requested that approval be granted to continue these ad hoc contacts with other government components as is necessary to exchange information on position classification matters.

MEMORANDUM FOR: DDA Office Directors

STATINTL FROM

: 
Executive Officer, DDA

SUBJECT : Procedures for Rendering Agency Assistance
to Other Government Components

1. The attached memorandum, signed by Tony Lapham, addresses the issue of receiving prior approval before satisfying a request for Agency assistance to another Government component. As pointed out, HR  Annex E, addresses this matter and indicates something of the assistance that can be given to certain other components with impunity. It also points up the need for specific approvals.

2. Also attached is a copy of Tab B of a memorandum from the DCI to the Chairman of the Intelligence Oversight Board, dated 24 April 1976, in which the Agency is committed to the Office of General Counsel reviewing requests for proposed assistance to other Government agencies.

MEMORANDUM FOR: Inspector General

FROM : Anthony A. Lapham
General Counsel

SUBJECT : Procedures for Rendering Advice Pursuant to
HR ☐ ANNEX E

STATINTL

REFERENCE : Paragraph c, page 3, Tab B of Memo to Chairman
Intelligence Oversight Board from DCI dated
24 April 1976

1. In referent, the Director assured the Chairman of the Intelligence Oversight Board that this Office will review each and every proposed request for Agency assistance to other Government components (HR ☐ ANNEX E - formerly HN ☐). Recently we became aware of such a case (involving a Social Security Administration request for ADP assistance) wherein there seems to be no evidence of formal coordination with this Office (there is indication that some verbal coordination may have been undertaken).

STATINTL

STATINTL

2. Fortunately, we agree with the substantive judgment that was made in that case, and we certainly appreciate the reasons why formal coordination was not undertaken there. Notwithstanding, especially because of the assurances mentioned above, we are of the view that it may, in the future, be important to be able to conclusively demonstrate formal coordination in accordance with the regulation.

3. In order to accomplish this we suggest the following: In those cases, such as the instant case, in which (a) you believe the Agency has authority to perform the requested assistance and (b) you believe are uncontroversial, you could simply add a concurrence line for this Office to your formal opinion and route such opinion through this Office on its way to the Directorate concerned. Such a procedure will allow, in our

view, full compliance with the regulation and will keep this Office informed --
I presume one of the underlying intents of the drafters of the regulation --
as to that assistance the Agency is providing, yet will not create undue
administrative burden or delay.
